FACTUAL ALLEGATIONS

25. The individual Plaintiffs are professional photographers who make their living taking and licensing photographs.

26. PKI and Science Faction are stock photography agencies who license the work of their contributing photographers.

27. PKI owns the copyrights in and to certain images that were shot by photographer Gabe Palmer for PKI as works-made-for-hire.

28. The individual photographer Plaintiffs and PKI own the copyrights in and to the creative works identified herein and that are the subject of this action.

29. Plaintiffs and/or their agents have registered copyrights in and to their photographs with the United States Copyright Office.

30. Defendant is a publishing company in the business of creating and publishing educational textbooks, instructional technology materials, reference works, and other similar materials and publications.

31. Defendant sells and distributes textbooks throughout the United States, including through various companies, divisions, and imprints.

32. Defendant used (and continues to use) Plaintiffs' photographs in numerous programs and publications.

33. Defendant obtained Plaintiffs' photographs either directly from Plaintiffs or from their licensing agents or both.

34. Plaintiffs' images were licensed to Defendant for limited uses and subject to specific terms and conditions; Plaintiffs did not transfer their copyrights or ownership interests in their images to Defendant.

35. In obtaining copies of Plaintiffs' photographs, Defendant represented to Plaintiffs or their agents that it would not and/or understood that it could not make any subsequent uses of Plaintiffs' photographs without prior permission and payment of agreed-upon license fees.

36. Upon information and belief, Defendant infringed Plaintiffs' exclusive rights in and to the photographs identified herein in various ways, including by exploiting Plaintiffs' photographs without permission; using Plaintiffs' images prior to obtaining permission; exploiting Plaintiffs' photographs in excess of applicable license restrictions; exceeding the print

run limitation authorized under the applicable licenses; failing to give proper credit and attribution to Plaintiffs; and otherwise violating Plaintiffs' exclusive rights to control the uses made of their creative works, including by refusing to disclose the uses that it has made (and is making) of those works.

37. Defendant infringed Plaintiffs' exclusive rights in and to their photographs by printing Plaintiffs' photographs in certain books without having obtained the necessary license.

38. In some cases, Defendant subsequently sought permission to use Plaintiffs' images, but did so only after it already had begun to use and exploit Plaintiffs' images without a license or authorization. In these cases, although Defendant was seeking permission after its unauthorized use already had commenced, Defendant represented to Plaintiffs or their agents that it was seeking prospective licensing rights and failed to disclose that the publication for which rights were being requested already had been printed and that Plaintiffs' images already had been used without permission.

39. Defendant concealed and misrepresented critical information when communicating with Plaintiffs or their agents in order to create the false impression that such late requests for licensing rights pertained to future uses and, upon information and belief, did so intentionally to avoid punitive fees and to conceal its infringing uses of Plaintiffs' images.

40. Defendant's attempt to conceal its unauthorized use of Plaintiffs' creative works by surreptitiously seeking to obtain a license after publication demonstrates that it was and is aware that it needed to obtain a license to use Plaintiffs' images and thus that its unauthorized use of Plaintiffs' creative works was done intentionally, willfully, maliciously, and/or recklessly.

41. Defendant also infringed Plaintiffs' exclusive rights in and to their photographs by exceeding the restrictions of any license it may have obtained to use Plaintiffs' images in

particular publications, including by using Plaintiffs' images in component and ancillary publications without permissions and/or exceeding the limited print run authorized in the license.

42. Defendant also violated Plaintiffs' rights by failing to give proper credit and attribution for the uses Defendant made of Plaintiffs' photographs.

43. Defendant also violated Plaintiffs' rights by refusing to disclose the full scope of uses it has made (and is making) of Plaintiffs' creative works.

44. Either directly or through their agents, Plaintiffs requested that Defendant disclose the uses that it has made of Plaintiffs' photographs.

45. Despite these repeated requests, Defendant has not disclosed the scope of its use of Plaintiffs' creative works.

46. Upon information and belief, Defendant refuses to disclose usage information to Plaintiffs in order to conceal unauthorized uses. Defendant's refusal to disclose usage information demonstrates willfulness and that Defendant is aware that such unauthorized uses constitute copyright infringement.

47. Defendant's refusal to disclose to Plaintiffs the uses that it has made (and is making) of their creative works hinders and obstructs Plaintiffs' rightful efforts to protect their copyrights.

48. Defendant's refusal to disclose to Plaintiffs the uses that it has made (and is making) of their creative works precludes Plaintiffs from preventing unauthorized uses of those creative works, ensuring the integrity of the creative works, and ensuring proper credit and attribution is made by Defendant to Plaintiffs.

49. Defendant's refusal to disclose to Plaintiffs the uses that it has made and is making of their creative works is contrary to and violates their exclusive rights to control their

creative works.

50. Defendant's refusal to disclose to Plaintiffs the uses it has made and is making of their creative works violates Plaintiffs' inherent moral rights in and to their photographs.

51. Upon information and belief, Defendant's efforts to conceal usage information from Plaintiffs and their agents further demonstrates that its conduct is willful.

52. Defendant, by these various willful and knowing actions, injured Plaintiffs, including by depriving Plaintiffs of their rightful compensation for the use of their creative works and by interfering with and violating Plaintiffs' exclusive rights in and to their photographs.

53. Upon information and belief, Defendant has and continues to financially benefit from its various uncompensated and infringing uses of Plaintiffs' creative works.

54. Upon information and belief, the various infringements of Plaintiffs' rights identified herein are part of a broader pattern and practice of Defendant infringing and misappropriating third-party photographic content, including by using third-party images prior to obtaining permission and using third-party images in excess of applicable license restrictions.

55. This pattern and practice of misappropriating third-party content demonstrates reckless disregard for the rights of the owners of those creative works, including Plaintiffs.

56. The full scope of Defendant's unauthorized and infringing uses of Plaintiffs' photographs has not yet been ascertained only because critical information regarding Defendant's use of Plaintiffs' photographs remains in Defendant's sole possession.

57. Upon information and belief, a reasonable opportunity for further investigation and discovery will yield evidence that Defendant's unauthorized, unlicensed, and/or infringing use and exploitation of Plaintiffs' images is not limited to the photographic works identified herein.

58. Upon information and belief, a reasonable opportunity for further investigation and discovery will yield evidence that Defendant's unauthorized, unlicensed, and/or infringing use of Plaintiffs' images is not limited to the particular publications identified herein.

Images Licensed or Otherwise Obtained from Getty Images and Corbis

59. In many cases, Defendant obtained access to Plaintiffs' photographs through Getty Images, Inc. ("Getty Images") or Corbis Corporation ("Corbis"), who were acting as Plaintiffs' licensing agents or subagents of Plaintiffs' agents.

60. Upon information and belief, Defendant obtained photographs owned by Plaintiffs Psihoyos, Wu, Gibson, PKI, and Cole from Corbis and/or Getty Images.

61. Upon information and belief, Getty Images and Corbis are subagents of Science Faction.

62. Upon information and belief, Defendant's limited right to use photographs licensed through Corbis are restricted by the "Corbis Content License Agreement" ("Corbis License Agreement").

63. Upon information and belief, Defendant's limited right to use photographs licensed through Getty Images are restricted by the "Getty Images Editorial, Rights-Managed and Rights-Ready Image and Footage License Agreement" ("Getty Images License Agreement").

64. The Corbis License Agreement expressly states that Defendant may not use Plaintiffs' photographs "[e]xcept where specifically printed on the invoice."

65. The Getty Images License Agreement expressly states that any rights granted to Defendant to use Plaintiffs' photographs are limited "solely to the extent explicitly stated in this Agreement."

66. The Getty Images License Agreement also provides that “Any use of Licensed Material in a manner not expressly authorized by this Agreement constitutes copyright infringement,” and that “Licensee shall be responsible for any damages resulting from any such copyright infringement, including any claims by a third party.”

67. The Getty Images License Agreement also provides that any licenses that Defendant obtained from Getty Images are subject to termination or rescission if Defendant “provides inaccurate information regarding its proposed use of the Licensed Material at the time of entering the Agreement.”

68. In licensing images from Getty Images, Defendant also agreed to certify that its use of all licensed material, including Plaintiffs’ photographs obtained from Getty Images, was in compliance with invoice terms and to allow an “audit” of its “use of Licensed Material in order to verify compliance with the terms of this Agreement.”

69. Upon information and belief, Defendant breached its obligations under these license agreements by making unauthorized uses of Plaintiffs’ photographs licensed through Corbis and Getty Images and/or refusing to disclose uses of photographs obtained from Getty Images and Corbis.

70. In licensing Plaintiffs’ images from Corbis, Defendant agreed to pay “ten (10) times the license fee for any unauthorized use” and acknowledged that such payment is not a limiting statement of “its Content sources’ rights or remedies in connection with any unauthorized use of the Content or breach of the Agreement.”

71. In licensing Plaintiffs’ images from Getty Images, Defendant “agree[d] to pay to pay a fee equal to five (5) times Getty Images’ standard license fee for the unauthorized use of the Licensed Material” and that such fees would be “[i]n addition and without prejudice to” other

remedies. The Getty Images License Agreement also expressly states that, Defendant “shall be responsible for any damages resulting from any such copyright infringement, including any claims by a third party.”

352. Defendant used and exploited numerous photographs owned by Plaintiffs, including but not limited to the photographs identified above and in Exhibits 1-9.

353. Upon information and belief, Defendant remains in sole possession of information regarding the scope of its use of Plaintiffs' creative works, including the publications in which Defendant has used Plaintiffs' works, the publication dates of these publications, and the print runs of these publications.

**COUNT IV
(BREACH OF CONTRACT AND LICENSE--SCIENCE FACTION AND SCIENCE
FACTION PHOTOGRAPHERS AGAINST DEFENDANT)**

363. Plaintiffs repeat and re-allege each allegation set forth in paragraphs 1-362 as if set forth fully herein.

364. Plaintiff Science Faction issued numerous licenses to Defendant authorizing particular uses of particular photographs, including those referenced herein and in Exhibit 7.

365. The terms and conditions of those licenses stipulate, in these precise terms or substantially similar terms, that “Upon reasonable notice, Science Faction may inspect any records, accounts and books relating to the Reproduction of any of the Licensed Material to ensure that the Licensed Material is being used in accordance with this Agreement.”

366. Science Faction exercised its rights under these provisions on or about November 9, 2010.

367. Science Faction reiterated its demand for information to Defendant’s General Counsel, Suzanne Telsey, and Defendant’s counsel in this action, Carolyn Foley.

368. Defendant failed to comply with those demands and its agents refused or obstructed Science Faction’s efforts to exercise its audit and inspection rights.

369. By failing to comply with these demands, Defendant breached its contractual obligations to Science Faction and the photographers whose images were licensed under those agreements, including the obligation to provide information about its uses of the photographs licensed through Science Faction and to allow Science Faction to inspect Defendant’s records to monitor Defendant’s uses of the photographs.

370. As a direct result of Defendant’s breach of its obligations under these contracts, Plaintiffs Science Faction and the Science Faction photographers have suffered injuries,

damages, and losses as alleged herein.

371. Plaintiffs Science Faction and the Science Faction photographers seek all recoverable damages, including, at Plaintiffs' election, liquidated damages set forth in the license agreements, as well as attorneys' fees and costs.

**COUNT V
(BREACH OF DUTIES OF GOOD FAITH AND
FAIR DEALING—PLAINTIFFS AGAINST DEFENDANT)**

372. Plaintiffs repeat and re-allege each allegation set forth in paragraphs 1-371 as if fully set forth herein.

373. The foregoing acts of Defendant constitute a breach of Defendant's duties and obligations to deal with Plaintiffs fairly and in good faith.

374. These obligations arise out of Defendant's contracts and dealings and relationship with Plaintiffs.

375. Defendant's duties and obligations with respect to its dealings with Plaintiff arose out of Defendant's contractual agreements with Plaintiffs or their agents, as well as its broader dealings with Plaintiffs.

376. Plaintiffs are the direct and intended beneficiaries of the license agreements that pertain to their works.

377. The licensing agreements Defendant entered into with Plaintiffs or their agents established guidelines governing Defendant's rights to use Plaintiffs' photographs.

378. Because the information necessary to determine whether Defendant complied with or breached those obligations remained at all times in Defendant's sole possession, Defendant had a duty and obligation to respect and abide by the terms of those agreements and a duty and obligation to disclose in good faith whether it breached the terms of those agreements

and a duty and obligation to comply with requests for information regarding its use of Plaintiffs' creative works.

379. Defendant breached its duties and obligations in this regard when it willfully and knowingly exceeded the limited usage rights in those agreements and/or refused to comply with requests for information regarding its use of Plaintiffs' creative works.

380. Defendant's failure to act in good faith is evinced by its gross misconduct in breaching the terms of those agreements and/or failing to disclose its conduct to Plaintiffs.

381. Defendant also breached its obligation of fair dealing by acting in violation of the terms of the licensing agreements and by attempting to conceal its conduct through deceptive and intentionally misleading requests for extensions of licensing rights or attempting to obtain licenses after its use of Plaintiffs' photographs already had commenced.

382. Defendant's actions deprived Plaintiffs of access to information to which they were rightfully entitled.

383. Defendant's actions deprived Plaintiffs of the opportunity to obtain the full compensation to which they were entitled from Defendant's use of their creative works prior to any such use and without litigation and without risk of not being compensated and without incurring significant expenses to obtain such rightful compensation.

384. Defendant's actions also caused Plaintiffs to suffer the unlicensed, unauthorized, and uncompensated use of their creative works, and, consequently, deprived Plaintiffs of their rightful compensation for the use of his creative work and unjustly enriched Defendant.

385. Plaintiffs seek all damages recoverable under the applicable agreements and/or the common law and/or any statutory provision and/or any other basis for recovery.

386. Plaintiffs also seek all attorneys' fees and any other costs arising out Defendant's misconduct.

**COUNT VI

PSIHOYOS, AND SCIENCE FACTION AGAINST DEFENDANT FOR BREACH OF

388. Upon information and belief, Defendant licensed photographs owned by Plaintiffs Wu, Gibson, Cole, PKI, and Psihoyos through Corbis and Getty Images, including certain images identified herein and in the attached exhibits.

389. Upon information and belief, Defendant also licensed photographs from Getty Images and Corbis that were submitted to those agencies by Science Faction.

390. Upon information and belief, Defendant's limited right to use photographs licensed through Corbis are restricted by the Corbis License Agreement.

391. Upon information and belief, Defendant's limited right to use photographs licensed through Getty Images are restricted by the Getty Images License Agreement.

393. The Getty Images License Agreement stipulates that any rights granted to Defendant to use Plaintiffs' photographs are limited "solely to the extent explicitly stated in this agreement."

394. The Getty Images License Agreement also provides that "Any use of Licensed Material in a manner not expressly authorized by this Agreement constitutes copyright

infringement,” and that “Licensee shall be responsible for any damages resulting from any such copyright infringement, including any claims by a third party.”

396. In licensing images from Getty Images, Defendant also agreed to certify that its use of all licensed material, including Plaintiffs’ photographs obtained from Getty Images, was in compliance with invoice terms and to allow an “audit” of its “use of Licensed Material in order to verify compliance with the terms of this Agreement.”

397. Upon information and belief, Defendant breached its obligations under these license agreements by making unauthorized uses of Plaintiffs’ photographs licensed through Corbis and Getty Images and/or refusing to provide information regarding its use of images obtained from Getty Images and Corbis.

398. Plaintiffs or their agents requested that Defendant disclose information regarding the use of their images that it obtained from Getty Images and Corbis.

399. Defendant denied or refused to comply with such requests.

400. In all licensing transactions with Defendant that involved Plaintiffs’ images, Getty Images and Corbis acted as agents and fiduciaries for Plaintiffs.

401. In all licensing transaction between Defendant and Getty Images or Corbis that involved Plaintiffs’ images, Plaintiffs are the intended and direct beneficiaries of those agreements.

402. Upon information and belief, Defendant breached the terms and conditions of the licenses it obtained from Getty Images and Corbis to use Plaintiffs photographs, including those identified in the attached exhibits.

403. In licensing Plaintiffs' images from Corbis, Defendant agreed to pay "ten (10) times the license fee for any unauthorized use" and acknowledged that such payment is not a limiting statement of "its Content sources' rights or remedies in connection with any unauthorized use of the Content or breach of the Agreement."

404. In licensing Plaintiffs' images from Getty Images, Defendant "agree[d] to pay to pay a fee equal to five (5) times Getty Images' standard license fee for the unauthorized use of the Licensed Material" and that such fees would be "[i]n addition and without prejudice to" other remedies. The Getty Images License Agreement also expressly states that, Defendant "shall be responsible for any damages resulting from any such copyright infringement, including any claims by a third party."

405. As a direct and proximate result of Defendant's breach of the terms and conditions of its licenses from Getty Images and Corbis, Plaintiffs suffered injuries, damages and losses as alleged herein.

406. Plaintiffs seek all damages due to Defendant's misconduct and breaches of the agreements pertaining to their images, including, at Plaintiffs' election, liquidated damages set forth in the applicable license agreements, as well as attorneys' fees and costs.

WHEREFORE, Plaintiffs respectfully prays for judgment on their behalf and for the following relief:

1. A preliminary and permanent injunction against Defendant from copying,

displaying, distributing, advertising, promoting, and/or selling the infringing publications identified herein, and requiring Defendant to deliver to the Court for destruction or other appropriate disposition all relevant materials, including digital files of Plaintiffs' photographs and all copies of the infringing materials described in this complaint that are in the control or possession or custody of Defendant;

2. All allowable damages under the Copyright Act, including, but not limited to, statutory or actual damages, including damages incurred as a result of Plaintiffs' loss of licensing revenue, and Defendant's profits attributable to infringement and damages suffered as a result of the lack of credit and attribution;

3. All damages allowed under any applicable contracts or agreements;

4. Plaintiffs' full costs, including litigation expenses, expert witness fees, interest, and any other amounts authorized under law, and attorneys' fees incurred in pursuing and litigating this matter;
